APPLICATION FOR CHANGE OF WATER RIGHT	

A “change of water right” means a change in the type, place, or time of use, a change in the point of diversion, a change from a fixed point of diversion to alternate or supplemental points of diversion, a change from alternate or supplemental points of diversion to a fixed point of diversion, a change in the means of diversion, a change in the place of storage, a change from direct application to storage and subsequent application, a change from storage and subsequent application to direct application, a change from a fixed place of storage to alternate places of storage, a change from alternate places of storage to a fixed place of storage, or any combination of such changes. The term “change of water right” includes changes of conditional water rights as well as changes of [absolute] water rights. § 37-92-103(5), C.R.S.

An application for approval of a change of water right shall include a complete statement of such change, including a description of all water rights to be established or changed, a map showing the approximate location of historical use of the rights, and records or summaries of records of actual diversions of each right the applicant intends to rely on to the extent such records exist. § 37-92-302(2)(a), C.R.S.

If an applicant desires to apply for a simple change in surface point of diversion pursuant to § 37-92-305(3.5), C.R.S., please use form JDF 241W. If an applicant desires to apply for a correction for an established but erroneously described point of diversion, including that for a well, pursuant to § 37-92-305(3.6), C.R.S., please use form JDF 240W.

It is the applicant’s responsibility to provide the location for each undecreed structure in this application. For structures that are already decreed, use, verbatim, the location from the most recent decree that adjudicated the location. For new structures, provide a PLSS location (quarter-quarter, section, township and range) and a single point location description using either UTM coordinates (for example from a GPS device) (preferred) or measured distances from known section lines.

1. Name, mailing address, email address and telephone number of applicant(s) (if there are multiple applicants, and the space provided is not adequate to list all of the applicants, provide additional sheets as needed):

Name of Applicant	Mailing Address	Email address	Telephone Number

2. Decreed water right for which change is sought:

A. Name of structure: _____

B. Date of original and all relevant subsequent decrees: _____ Case No: _____

Court: _____

C. Legal description of structure as described in most recent decree that adjudicated the location:

Provide a verbatim legal description from the most recent decree that adjudicated the location. Mark the location of the structure on a USGS topographic map and attach to this application a legible 8 1/2 x 11 inch copy of the applicable portion of the map.

D. Decreed source of water: _____

E. Appropriation Date: _____

F. Total amount decreed to structure in gallons per minute (gpm) or cubic feet per second (cfs):

Conditional _____ Absolute _____

G. Decreed use or uses: _____

H. Amount of water that applicant intends to change:

Conditional _____ Absolute _____

3. Detailed description of proposed change:

A. Complete statement of change, including a description of all water rights to be changed, a USGS topographic map showing the approximate location of historical use of the rights and proposed place of use, and records or summaries of records of actual diversions of each right the applicant intends to rely on to the extent such records exist. In addition, the applicant may submit a report by an engineer that includes this information. Please be aware that early in the proceedings, the applicant will be required to supply detailed information, such as the historical consumptive use on a monthly basis of the water rights the applicant proposes to change and an analysis of historical return flow patterns. The applicant is encouraged to provide such information with this application.

- B. If applicant is changing or adding a point of diversion (including the drilling of a replacement well more than 200 feet from the decreed location), please provide the new location of the structure; or if applicant is changing the decreed point of diversion to conform to the actual location, please provide the actual location:

Location information:

1. Public Land Survey System (PLSS) (Required):
 Include the source of PLSS information, for example: GIS system such as CDSS MapViewer (<http://water.state.co.us/DATAMAPS/GISANDMAPS/MAPVIEWER/Pages/FAQ.aspx>); field survey; scaled from a USGS topographic map; or other source.:
