Department Overview

Established under Article VI of the Colorado Constitution and §13-4-101, C.R.S., along with §§18-1.3-201 and 18-1.3-202 for Probation Services, the Colorado Judicial Branch is charged with administering the state's unified court system. This work includes ensuring continuity in court operations and case resolution, establishing the legal rules that guide judicial proceedings, and managing probation services statewide.

MISSION

The Judicial Department works to provide equal access to justice, contribute to public safety, and strengthen the rule of law across Colorado. Together our courts and probation departments are committed to impartial and timely dispute resolution; support for families, litigants, and victims; client rehabilitation; and meaningful community engagement.

VISION

The Colorado Judicial Department is a trusted and transparent leader in the pursuit of justice across the state, serving our communities with integrity, and providing fair and equitable access to the judicial process. We are committed to empowering our employees through open communication, fostering a community of trust in a supportive and innovative workplace.

VALUES

To act with:

Integrity - to be trustworthy, diligent, and accountable, holding ourselves to a high standard of excellence in service.

Fairness - to be impartial and respectful in our actions, procedures, decisions, and treatment of all.

Transparency - to provide visibility on how decisions are made to stakeholders both inside and outside of the Department through regular and clear communication.

To be:

Inclusive - An organization that is compassionate and accessible to the public, and that provides our employees with safe and equitable working environments.

Collaborative - An organization that works with our partners and prioritizes operating with a cooperative mindset to achieve Department goals.

Innovative - An organization that is designed to be flexible and creative to meet the ever-changing needs of the public and our employees.

Major Functions of the Department

COLORADO SUPREME COURT

The Colorado Supreme Court, the state's court of last resort, issues binding decisions on all Colorado state courts and has exclusive jurisdiction to promulgate rules governing practice and procedure in civil and criminal actions. Most filings involve reviewing decisions made by the Colorado Court of Appeals. The Supreme Court also has direct jurisdiction over constitutional challenges, Public Utilities Commission decisions, habeas corpus petitions, water rights adjudications, Election Code proceedings, and certain prosecutorial appeals. The Supreme Court comprises seven justices serving 10-year terms, with the Chief Justice selected from among them. The Chief Justice serves as the executive head of the Colorado Judicial Branch, chairs the Supreme Court Nominating Commission, appoints the Chief Judges of the Court of Appeals and judicial districts, and assigns judges as needed. Additionally, the Supreme Court oversees attorney admissions, registration, and discipline, regulation of the unauthorized practice of law, and inventory counsel. The court also oversees the State Court Administrator, Board of Continuing Legal Education, and the Board of Law Examiners.

COLORADO COURT OF APPEALS

The mission of the Court of Appeals is to provide the citizens of Colorado with clear, impartial, and timely resolutions of appealed orders and judgments as provided by law. The Colorado Court of Appeals is the state's intermediate appellate court and consists of 22 judges who serve eight-year terms. The Court of Appeals has initial jurisdiction, with exceptions, over appeals from the Colorado District Courts, Denver Probate Court, and Denver Juvenile Court. In addition, the Court of Appeals has appellate jurisdiction over decisions originating from several state administrative boards and agencies. Review of the Court of Appeals' decisions is directed to the Colorado Supreme Court.

COLORADO TRIAL COURTS

District

Colorado is divided into 23 judicial districts. District boundaries generally align with county borders, with most districts comprised of multiple counties. District courts handle felony criminal matters, civil claims in any amount, juvenile matters (including adoption, dependency and neglect matters, juvenile delinquency, and paternity actions), probate, mental health, and divorce proceedings. Additionally, district judges preside over jury trials, handle appeals from Colorado municipal and county courts, and review decisions of administrative boards and agencies. Within the 2nd Judicial District, Denver Juvenile and Denver Probate courts operate independently from the District Court. These two courts have limited jurisdiction over juvenile and probate matters respectively.

Water

The Water Right Determination and Administration Act of 1969 created seven (7) water divisions according to drainage patterns of various Colorado rivers. Water judges, who are district judges, oversee water rights and related issues within their division, with no jury trials and all appeals going directly to the Colorado Supreme Court.

County

Colorado's county courts serve the citizens of each county in the state. They handle cases involving serious public safety issues, such as misdemeanor cases, felony advisements, setting bonds, and preliminary hearings. Their responsibilities include issuing search warrants and protection orders in domestic violence cases, presiding over traffic cases and civil actions involving no more than \$25,000, and conducting jury trials. Small claims courts are divisions of county courts, where individuals can argue their cases and have speedy decisions on civil matters not exceeding \$7,500. Notably, Denver County and Municipal Courts are not part of the state court system.

PROBATION SERVICES

Colorado Probation is designed to provide an alternative to incarceration for adults and juveniles who have committed a crime, with the goal of providing structure, promoting positive behavioral change, and supporting public safety. Colorado Probation comprises 24 probation departments across 23 judicial districts, supported by the Division of Probation Services through the State Court Administrator's Office. The Division of Probation Services offers programmatic, training, and data support for each district's probation department that operate within its own unique structure based on local needs. Probation also provides victim services and writes pre-sentence investigation reports for the courts.

OFFICE OF THE STATE COURT ADMINISTRATOR

The State Court Administrator's Office (SCAO) provides administrative and technical support and services to the trial and appellate courts and to Colorado Probation. SCAO also provides centralized policy guidance, develops and implements standards and guidelines, and serves as an advocate for the department in obtaining necessary resources from the legislature.

Principle Strategies and Goals

PRINCIPLE 1

Provide equal access to the legal system and give all an opportunity to be heard.

Barriers to access range from difficulties navigating court and probation facilities to a lack of information on how to obtain accommodations for people with disabilities or those with limited English proficiency to inadequate resources to assist self-represented parties with their procedural questions. Such barriers may compromise effective and meaningful access to the court system.

GOAL 1a. Identify and address barriers to effective participation.

GOAL 1b. Maintain safety in all court and probation facilities.

GOAL 1c. Assist self-represented parties.

PRINCIPLE 2

Treat all with dignity, respect, and concern for their rights and cultural backgrounds, and without bias or appearance of bias.

As Colorado's population continues to diversify, so does the population that participates in the court system. It is important that judges and judicial staff be aware of the values of a wide number of cultures and life experiences, and, when appropriate, make accommodations. Courts and Probation are working to ensure that the courts are free from both bias and the appearance of bias, meeting the needs of increasing numbers of self-represented litigants, remaining receptive to the needs of all constituents, ensuring that court procedures are fair, understandable and accessible, and providing culturally responsive programs and services.

GOAL 2a. Collect feedback from court users, victims of crime, and those on probation regarding their experience with court and probation services.

GOAL 2b. Train all court and probation employees in communication, cultural competency, and customer service skills.

PRINCIPLE 3

Promote quality judicial decision-making and judicial leadership.

Court practices and case management procedures should be as uniform as practicable to avoid confusion and uncertainty. Courts and Probation must provide ongoing professional development, education, and training to address many concerns including the increasing complexity of court practices and procedures in court operations and interactions with the public. Maintaining professional excellence will promote public trust and confidence in the judicial system as a whole.

GOAL 3a. Employ effective case management strategies.

GOAL 3b. Incorporate evidence-based principles in judicial decision-making.

GOAL 3c. Employ accountability methods to ensure court orders are being enforced and monitored.

GOAL 3d. Develop systems that assure court-appointed persons provide quality services.

GOAL 3e. Train and educate judicial officers on an ongoing basis.

GOAL 3f. Implement professional development and leadership programs for staff.

PRINCIPLE 4

Implement quality assessments and community supervision of adult and juvenile probationers to demonstrably enhance public safety and respect for victim rights.

The Division of Probation Services strives to reduce offender recidivism through the application of the Eight Principles of Effective Intervention.¹ Probation Services promotes accountability and responsiveness in its enforcement of the court's orders while affecting long-term behavior change in probation clients.

GOAL 4a. Ensure the accuracy and efficiency of pre- and post-sentence assessments; and provide comprehensive assessment information to assist judicial officers in making more informed decisions, leading to improved and less costly outcomes.

GOAL 4b. Employ evidence-based practices in all applicable areas of probation.

PRINCIPLE 5

Cultivate public trust and confidence through the thoughtful stewardship of public resources.

In serving the people of Colorado, Courts and Probation must also exercise its constitutional and statutory authority and responsibility to plan for, direct, monitor, and support the business of the system and to account to the public for the system's performance. The fulfillment of this role is only possible when the other branches of government and the public have trust and confidence in the system. In order to retain trust and confidence, the system must be accountable to the people it serves by providing a fair and open process, communicating clear and consistent expectations for all who participate in that process, and being good stewards of the resources appropriated to it for the fulfillment of its mission.

GOAL 5a. Utilize the most effective and cost-efficient methods to conduct the business of the courts and probation.

GOAL 5b. Employ new and enhanced technology solutions for managing judicial business.

GOAL 5c. Share information and data with other governmental entities and the public, while balancing privacy and security concerns.

GOAL 5d. Ensure transparency of court and probation services operations.

GOAL 5e. Maintain a strong and well-trained workforce.

COMPASS 2030, STRATEGIC VISION

Compass 2030 refers to the Department's new five-year strategic plan, intended to translate what employees across the Colorado Judicial Department have told us into a focused, durable strategic framework through 2030. The plan operationalizes the Department's mission, vision, and values by connecting the employee experience to the quality of justice and service delivered across Colorado. This is a first-generation strategic plan and necessarily has an internal perspective. Future evolution of the strategic plan will take into account budget and legislative strategy, for example, and create pathways for meaningful feedback from court and probation users as well as stakeholders in the legal community. Several desired outcomes require legislative approval or sustained funding. Measures of success will necessarily distinguish the quality and consistency of Branch advocacy from decisions outside the Branch's direct control.

This plan builds from more than 3,300 non-duplicate employee comments, the analysis conducted by workgroup members, the participant guide used during the strategic planning session, and the goals, objectives, and initiatives developed by participants during that session.

Through this work, six main priority areas emerged: communication and transparency, compensation and classification, professional growth and development, technology modernization and innovation, security and safety, and wellbeing. Work to prepare a final draft of the strategic plan is underway.

Importantly, the priority areas and their corresponding initiatives build upon and unify efforts that are already underway. In its current form, this SMART Act Plan covers efforts across all five priorities of the Compass 2030 strategic vision:

- **Staffing, Retention, and Workplace Culture** supports *Priority 1, Communication and Transparency*; *Priority 2, Compensation and Classification*; and *Priority 6, Wellbeing* through Annual Workforce Report, the transition from contract positions to term-limited employees, and the re-launch of the Employee Engagement Survey.
- **Judicial Safety and Security** directly supports *Priority 5, Security and Safety* through ongoing efforts to strengthen courthouse security and protect judicial officers and staff.
- **Education and Training** advances *Priority 3, Professional Growth and Development* through educational opportunities, mentoring, coaching, and professional development programs.
- **Information Technology** supports *Priority 4, Technology Modernization and Innovation* through systems modernization, improved access to information, and efforts to strengthen the security and reliability of court operations.

Once Compass 2030 is finalized by the end of calendar year 2026, the Department will review its existing **SMART Act Plan** and corresponding performance measures to ensure alignment with new strategic priorities. This review will build upon ongoing initiatives, identify opportunities for improvement, and guide a comprehensive update of the SMART Act Plan in the next fiscal year. The goal is to ensure the Department's strategic vision is reflected in measurable objectives and continued progress.

STAFFING, RETENTION, AND WORKPLACE CULTURE

A key effort in Fiscal Year 2026 was the **transition from contract positions to term-limited employee roles**. This change supports PTO and ESL accrual, expanded benefit eligibility, and more accurate time tracking. Beyond measurable administrative improvements, it strengthens workforce stability across the court system and helps the Department attract and retain qualified staff.

The Department relaunched its statewide **Employee Engagement Survey** to gain clearer insight into how staff experience their work across Colorado's judicial districts, including communication, teamwork, wellbeing, leadership, and growth opportunities. The survey closed in May 2026 with a 54% participation rate and an engagement score of 82%, creating a refreshed baseline for understanding workforce sentiment. A new workgroup will guide how these insights are integrated into ongoing statewide efforts, including the Workplace Culture Initiative and the Wellness Committee, to help maintain focus on employee experience and organizational wellbeing. The survey will be conducted every two years to provide consistent, meaningful opportunities for staff feedback.

The **Annual Workforce Report** was reintroduced to offer a clear, accessible look at workforce make-up and trends across the Department. It supports transparency by making key information easier for leaders and committees to reference and use in planning efforts. The report also provides a reliable way to track workforce changes over time.

JUDICIAL SAFETY AND SECURITY

Although Colorado law requires counties to provide security for state court facilities, many courthouses and probation offices still face ongoing security challenges. In response to rising threats, harassment, and retaliation against judicial officers and court and probation staff, Colorado HB26-1422 directed the Department to establish the **Judicial Security Task Force** to improve security across these facilities statewide.

The Task Force was established in summer 2026 to evaluate statewide courthouse security needs and develop recommendations to strengthen judicial security practices and improve coordination with law enforcement partners. A designated program analyst has already been hired to support and facilitate the Task Force's activities. Led by the Colorado Chief Justice, the Task Force includes representatives from key areas of the judicial system, as well as probation, law enforcement, and the Legislature. To organize its work, the Task Force created five subcommittees, established a meeting schedule and reporting structure, and set expectations for initial deliverables.

The Task Force has begun conducting needs assessments and identifying gaps in existing courthouse security practices. Its work is concentrated in five primary areas: security standards, incident reporting, training, local security committees, and security innovations. Although the Task Force's current timeline extends through January 2027, it may continue its work beyond that date, as statutory authority exists through 2028.

House Bill 26-1422 created the **Court Security Special Purpose Authority** which will replace the Court Security Cash Fund and Commission. Fiscal Year 2027 is a transition year when the Cash Fund Commission is still in operation while the Special Purpose Authority is preparing for operations. The legislation called for current Court Security Cash Fund Commission members to be appointed to the Court Security Authority by July 1, 2026. Those appointments have all been made and the Authority

held its first meeting in July. The Court Security Cash Fund and Commission statutes are set to be repealed September 1, 2027.

EDUCATION AND TRAINING

The Judicial Officer Education Unit, which provides judicial officers with educational training and programming, coordinated numerous programs and conferences during Fiscal Year 2026 for more than 430 judicial officers statewide. In response to training needs identified in Domestic Relations and Domestic Violence, Judicial Education developed a **Domestic Relations Onboarding Curriculum** on the Judicial Learning Portal. This curriculum offers self-guided learning that includes Domestic Violence resources. A structured schedule for Domestic Relations training days has also been created for New Judge Orientation, Advanced New Judge Orientation, and the Judicial Conference. Judicial Education continues to identify and develop training needs in collaboration with judicial and community stakeholders.

The **Peer-to-Peer Judicial Officer Coaching Program** and the **Judicial Officer Mentoring Program** support judicial officers as they navigate the full range of challenges they encounter on the bench. The Judicial Officer Mentoring Program, launched in Fiscal Year 2025 with 13 participants and 5 mentors, doubled in size in Fiscal Year 2026 and concluded the year with 15 trained mentors and 32 participants. The Peer-to-Peer Judicial Officer Coaching Program remained steady with 23 participants and 31 coaches. Feedback from both programs indicates that participants value having a fellow judicial officer providing a confidential and supportive space to discuss challenges.

Court Services Education employs ten regionally based Court Education Specialists who provide training support to all 64 counties, covering a wide range of topics with a primary focus on trial court coding and operational processes. In Fiscal Year 2026, Court Services Education conducted 601 classes, reaching 6,293 participants across Colorado. Each course is designed and continuously refined using adult learning principles to ensure accessibility, engagement, and relevance for staff statewide.

In addition to regular classes, the program also conducts individualized training sessions for new judicial officers and trial court staff. The **Clerk of Court Institute** offers specialized and advanced information to those in the Clerk of Court role. Court Education Specialists facilitated 41 six-hour new employee orientations covering the fundamentals of case management systems and applications. Overall, 77 courses were offered—10 in-person and 67 delivered virtually—along with legislative update trainings.

Court Services Education also hosted two conferences. The Clerk of Court/Unit Supervisor Retreat brought together 137 attendees from across the state for training sessions, professional development opportunities, legislative updates, and networking events. The Colorado Court Employee Conference offered 27 technical, interpersonal, and professional development classes, along with two keynote presentations, to 384 attendees statewide.

The **Probation Services' Professional Development** Unit provides statewide learning and development for probation staff in research-informed practices, including assessment, case planning, and effective supervision. In Fiscal Year 2026, the unit offered 217 courses, providing 1,381 hours of training to 8,397 attendees. DPS also trained 104 new probation officers, including 44 officers in the first cohort of Probation Foundations, a redesigned onboarding and development experience combining self-directed learning, facilitated engagement groups, and in-person practice. The unit continued to expand statewide access to learning while aligning training with instructional design and adult learning best practices.

The Leadership and Education team recently completed its hiring efforts, bringing the trainer group to three. Their primary focus has been on revising the STARS series, a mandatory program for new supervisors. The new version is called **STAR Academy** and two cohorts have now completed the updated academy. In addition, several new courses were launched, including the Time Management Series, Ubuntu, and Taming Stress. Trainers also earned certifications in EQ-i, DiSC, Crucial Conversations, StrengthsFinder, and Drive.

INFORMATION TECHNOLOGY

The Department continues to advance the **Case Management System (CMS)** redevelopment to better meet the evolving needs of Colorado's courts and probation departments. The initiative to build a new CMS has been underway for several years, and significant progress continued throughout Fiscal Year 2026. A strategic roadmap was finalized to define the initial implementation scope and delivery sequence. In partnership with an IT advisory firm, the Department completed an organizational readiness assessment, market analysis, and requirements development, resulting in three solicitation packages: Probation CMS, Court CMS, and Professional Services.

The Department has also begun foundational technical work to prepare for future vendor integrations and assembled a transformation team to support decision-making and change management as the project moves forward. These activities set the stage for the procurement of the Probation Case Management System and the initial vendor integration efforts.

The Department is working on the **Digital Court** solution to enhance accessibility and security of virtual court proceedings. The Digital Court pilot was launched in Fiscal Year 2026 in 20 courtrooms across the state, representing a broad range of docket types. This cohort also includes high-volume and high-risk environments such as the Boulder County Jail courtroom and the weekend Bond Hearing Office. The pilot's goal is to test how well these tools help address disruptions while ensuring courts have what they need to run effective virtual and hybrid hearings. The Department remains focused on making the Digital Court solution safe, efficient, and reliable for staff, participants, and the public.

Management Strategies and Measurements

TRIAL COURTS

New county court case filings **decreased by less than 1%** compared to Fiscal Year 2025. Notably, filings in the civil category increased by **7%**, while every other category went down. County court terminations **rose by 3%** overall, with the biggest changes being a **9% increase** in civil terminations and a **5% decrease** in traffic terminations. Over the past decade, civil, infractions, and misdemeanor case filings have generally trended upward, while traffic and felony complaints show long-term declines.

New district court **case filings remained virtually unchanged** compared to FY25. Across all case types, new district court civil filings (excluding distraint warrant and rule 120 cases²) increased by 15%, while criminal filings decreased by 8% and juvenile filings decreased by 5%. The Department also noted a **less-than-1% decrease in district case terminations**, with criminal cases showing the largest drop at 7%. Over the last 10 years, district civil filings have trended upward, while criminal and juvenile filings and terminations show a steady decrease.

² Distraint warrant and rule 120 cases require significantly fewer judicial resources to process, and new filing numbers can vary greatly year over year. These case types are often separated from year over year filing data comparisons to provide a more accurate representation of trial court work.

TRIAL COURT MANAGEMENT STRATEGIES

Chief Justice Directive 08-05 outlines timeliness benchmarks for resolving cases in Colorado’s trial courts. The tables below illustrate the Department’s performance against these standards and highlight areas of progress and opportunities for continued improvement. In Fiscal Year 2026, all county case classes demonstrated improvement, with fewer case classes exceeding established benchmarks compared to the previous year. Small claims showed the greatest improvement, decreasing by nearly 5% compared to the previous year. District court cases remained relatively stable, with juvenile delinquency showing improvement and meeting its established benchmark. Additionally, DUI/DWAI cases continued to meet the established timeliness benchmark, demonstrating sustained performance in this area.

Challenges remain in meeting timeliness standards, particularly in the judicial districts most affected by understaffing. As documented in the Department’s Fiscal Year 28 trial court staffing budget request, the 8th, 17th, 18th, 19th, 20th, and 23rd Judicial Districts are the six lowest-staffed districts. At the end of Fiscal Year 2026, all six districts exceeded the Department’s established case-aging goals for district civil, felony criminal, and domestic relations cases, while five of the six exceeded the goal for misdemeanor cases. Recognizing that staffing capacity is essential for keeping pace with increasing workloads, the Department is taking targeted steps to reduce the staffing deficit through legislative budget requests.

COURT USER SURVEY

The court user survey is another ongoing measure the Department uses to assess the performance of the trial courts. The survey focuses on procedural fairness, service quality, and ideas for actionable improvements. During Fiscal Year 2026, the Department received 669 survey responses.³ Survey respondents included parties, attorneys, witnesses, jurors, law enforcement, observers, and others.

Questions included several 5-point Likert-style questions which are represented in table 7 below. Most court users were satisfied with the courts, with 73% of court users providing positive responses in procedural fairness and service quality categories. During Fiscal Year 2026, the average procedural fairness score was 3.98 out of 5, and the average service quality score was 3.98 out of 5, indicating a general sense of satisfaction among court users. Courts performed exceptionally well in areas such as understanding the needs of the public, providing prompt assistance, and making resources available.

Table 7: Court User Survey Results

Question	Average Rating (1-5 range, with 5 being the most positive)	Percentage 4 or 5 Rating	Number of Responses
Was it easy to use Webex? <i>Asked of video conference court users</i>	4.56	83 %	18
Did staff understand your needs? <i>Asked of in-person, video conference, and phone court users</i>	4.21	77%	627
Did you easily find your way around the courthouse? <i>Asked of in-person court users</i>	4.18	78%	477
Did you receive prompt help? <i>Asked of in-person, video conference, and phone court users</i>	4.15	77%	631
Were the resources you needed available to you? <i>Asked of i- person, video conference, and phone court users</i>	4.09	75%	622
Were you treated fairly? <i>Asked of in-person, video conference, and phone court users</i>	4.09	73%	627
Do you trust the courts to handle business you may have in the future? <i>Asked of all court users</i>	3.79	68%	636

³ Due to the suspension of a key distribution method during FY25, fewer survey responses were collected compared to the previous year. The Department is actively pursuing methods to generate more survey responses.

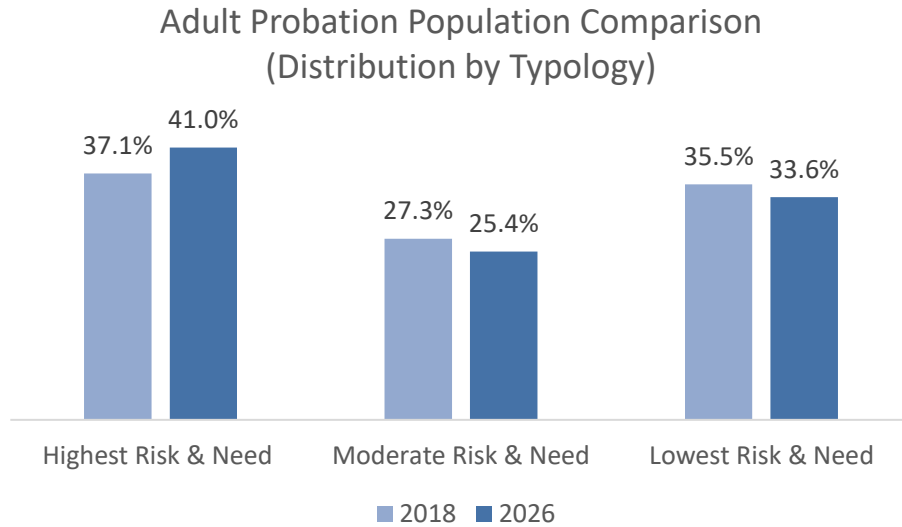

PROBATION SERVICES

Probation is the largest corrections agency in the state, supervising 66,000 adults and juveniles each year. Probation serves as an alternative to incarceration, allowing individuals to remain in their homes, jobs, and school while under court supervision. Probation is often confused with parole though they are distinct. Parole is a conditional release from custody of the Department of Corrections or Division of Youth Services and applied to individuals released from prison or commitment, while probation is one of several alternatives to incarceration that the court may impose. As supervision is provided in the community, probation is a cost-effective sentencing option, with the average cost of sentencing for adults coming in at just over \$2,000 per year compared to the cost to incarcerate an individual in the Department of Corrections at the rate of approximately \$56,700 per year per inmate.

Probation services are provided in 24 departments with 76 probation offices statewide. Probation staff are state employees who operate under the authority of the Chief Judge and Chief Probation Officers in each judicial district. Probation provides a wide range of services including writing pre-sentence reports, supervision, and victim services in accordance with the Victim Rights Act.

- Pre-sentence reports provide the court with information about the offense, victim impact, and the defendant to help inform sentencing decisions. Probation submitted just over 29,000 reports to the court in Fiscal Year 2026.
- On average, probation supervises about 66,000 adults and juveniles in the community, with the primary goal of reducing risk and improving pro-social skills.
- In the last fiscal year, Probation made just over 18,000 initial notifications to victims and provided an additional 28,000 notifications about critical events.

Over the last decade, probation has experienced a shift in the complexity of cases that are sentenced to supervision. Through several legislative initiatives, intentional efforts have been made to divert low risk individuals from deeper involvement in the criminal justice system. These efforts include the expansion of diversion programs and the reclassification of felonies and drug offenses. As a result, individuals on probation today require different supervision, support, and services than those in the past. Over the last decade, the risk and need profiles of adults on supervision have evolved. Colorado Probation uses assessment information to create risk and need profiles (i.e., typologies) for adult probationers. These profiles help probation determine who should be supervised in intensive programs as well as identify relevant case strategies, possible interventions, supports, and services to help probationers be successful on probation. The intent is to use validated assessment information to tailor supervision to each individual, focusing on areas that reduce the likelihood of recidivism. Differential supervision allows probation officers to focus their time and efforts to support individuals with the highest risk and need profiles.

Leadership and staff in Probation Departments report that individuals placed on probation are presenting with greater needs but also have more complex and disrupted stability factors such as lack of housing and food insecurity, behavioral problems, acute mental illness and substance dependence, and longer histories of failure on community supervision. These cases require greater attention and resources.

Despite changes in the probation population, termination and recidivism rates have remained relatively stable over the last decade. More than two-thirds (68%) of individuals complete probation successfully. Approximately two of every ten failures are related to a new crime, the remaining failures are related to a combination of absconding and patterns of violation behavior. Recidivism rates have also remained steady over time. Post-release recidivism is defined as a new deferred agreement, adjudication, or conviction for a misdemeanor or felony regardless of whether that release is considered successful.

When looking at 1 year post release recidivism, adult rates have remained consistent, falling in the 6-9% range, which means more than 90% of individuals remain crime-free one year following probation supervision. Currently, a new recidivism definition and methodology are being implemented across criminal justice agencies. Future reports will include goals and metrics related specifically to recidivism.

While there are many ways to measure what success means in criminal justice, generally, it is challenging to gather meaningful metrics with a large and varied population. Two metrics are provided below. Specifically, the metrics examine trends over time related to outcomes.

Goal: Maintain or Improve Success Rates and Decrease Rates of Terminations for New Crime.

Table 8: Probation Completion Rate

	FY 2024	FY 2025	FY 2026	FY 2027 Target
% of Individuals Completing Probation Successfully	65.90%	65.65%	67.81%	66.00%
% of Individuals Terminated for a New Crime	5.81%	5.91%	5.72%	<7%

Over the last two years, the department has participated in a multi-agency effort, in accordance with SB24-029, to identify a common definition and methodology for recidivism as well as alternate metrics of recidivism to evaluate the effectiveness of the criminal justice system. The working group's efforts are scheduled to conclude in 2026 with recommendations for measuring the impact and performance of Colorado's criminal justice system.

Probation Modernization Efforts

Assessments

In recent years, Colorado probation transitioned to new substance use assessment tools following the retirement of previously used instruments. Continuing this modernization, probation is adopting the CASCADE (Colorado Assessment Scale for Coercion and Abuse Desistance) for individuals with domestic violence related charges. The CASCADE, developed by a team at the Division of Criminal Justice, is a risk assessment and treatment tool that combines static factors from probation with dynamic factors assessed by treatment providers to guide placement, planning, and progress monitoring. The tool identifies cases needing additional lethality assessment, incorporates factors such as ACEs and responsivity needs, and strengthens information sharing between probation and treatment providers to improve interventions, outcomes, and public safety.

Early Termination

Beginning in 2026, probation departments across Colorado started implementing a consistent process to review adult cases for early termination. Although Section 18-1.3-204(4)(a) of the Colorado Revised Statutes allows for modification of a sentence, early termination related practices varied across the state. To improve consistency, a research-informed practice was developed that establishes an equitable review process for individuals supervised by probation. Statewide implementation is expected to be completed by July 2028.

Summary

The Colorado Judicial Department remains committed to providing fair, timely, and accessible justice while adapting to the evolving needs of Colorado's communities. The progress highlighted throughout this report reflects the dedication of judicial officers and staff, continued improvements in court and probation services, and investments in workforce development, safety, and technology. While challenges remain, the Department will continue building on these efforts through innovation, collaboration, accountability, and responsible stewardship of public resources to strengthen public trust and improve services statewide.

Definitions

Total Held Scheduled Events

This is defined as any scheduled event in a CR, T, M or JD case that was held.

Total Failure to Appear

This is defined as any CR, T, M or JD case where the scheduled event has a status of PFTA (Party Failed to Appear).

FTA Rate

$$\text{FTA Rate} = \frac{\text{(Total Failure to Appear)}}{\text{(Total Held Scheduled Events)}}$$

Held Hearings in Districts that Offer Text Reminder Option

This is defined as any unique case that had a hearing held in the reporting period selected. If you picked a reporting period that is prior to a location's Go Live Date, then those hearings are not counted until after the Go Live Date. Hearings where the court date was continued, vacated or where the party failed to appear are not considered unless there was another hearing in the case during that timeframe where the hearing was held.

Total Cases with a Held Hearing and an Opt-In

This is defined as any case where at least one party opted in for text reminders and a hearing was held during the reporting period. In Felony Criminal, Misdemeanor and Traffic cases only the defendant may opt-in for a text reminder.

In Juvenile Delinquency cases both the Respondent Parent and the Child may opt-in for a text reminder. If the Respondent Parent and the Child both opt-in for reminders, the case is only counted once. (Likewise, if only the Respondent parent opts in, the case is still only counted once.)

% Cases with a Held Hearing and an Opt-In

$$\text{\% Cases with a Held Hearing and an Opt-In} = \frac{\text{(Total Cases with an Opt-In)}}{\text{(Total Cases with a Held Hearing While Live on Text Reminder)}}$$

Held Scheduled Event

Held Events are defined as any scheduled event that does not have a status of CNCA, CNCT, CONT, or VACT. Scheduled Events do not include REVW, ENDJ, REVD, or RVDF.

Total Opt Outs

A defendant or juvenile participant may opt out of text reminders through the court which is documented in the court case management system or through the vendor via text message. This metric contains data from the case management system. A separate report will be included with data from the vendor.

Denver County Court is not included in this report.

Definitions

Total Cases Filed

This is the total unique case numbers that had a petition for temporary extreme risk or a petition for extreme risk protection order filed.

Total Petitions Filed

This is the total number of petitions for a temporary extreme risk or extreme risk protection order. This is only for the first petition filed into the case, meaning if the petitioner files a petition for temporary extreme risk and then files an extreme risk petition in the same case, this would only be counted under the temporary petition for extreme risk since that was the first petition in the case.

Total Orders Issued and Denied

This is the total number of cases with an order for temporary extreme risk or extreme risk protection order that was issued or denied. Please note a case may have both a temporary and an extreme risk order issued/denied at separate times on the case. Therefore a case may be counted under each category.

Special Note: A petitioner may petition for an extreme risk order, but the Judicial Officer may decide to issue a temporary extreme risk order. The petitioner may petition for a temporary extreme risk order, but the Judicial Officer does not grant or deny that request at the initial hearing. The Judicial Officer does determine an extreme risk hearing should happen. At the extreme risk hearing an extreme risk protection order is granted (and a temporary order was never granted on this case). A case may also have a temporary extreme risk order granted and later have the extreme risk order granted in the case. This may cause the petition numbers to not align with the order numbers.

Total Orders Terminated

This is the total number of cases with an order for temporary extreme risk or extreme risk protection order that were vacated. A case may have a temporary and an extreme risk order vacated.

Total Orders Renewed

This is the total number of cases with an extreme risk protection order that was renewed.

New Criminal Case Filed 30 Days After Extreme Risk or Temporary Extreme Risk Granted

This displays any temporary extreme risk or extreme risk protection order case where within 30 days of issuance of the order a new criminal case was filed. The 30 days is based on the offense date for the criminal case. If a case has been sealed or suppressed it will not be included in the list.

Special Note: The data has been matched based on Last Name, First Name and Date of Birth. It is a possibility that due to this matching that some cases may not be displayed or display due to another person in the state having the same Last Name, First Name and Date of Birth. Please note the state court administrator does not know if the new criminal case was filed due to the temporary extreme risk or extreme risk protection order case.

Summary		5	97	102	13	116	128

A petitioner may petition for an extreme risk order, but the Judicial Officer may decide to issue a temporary extreme risk order. The petitioner may petition for a temporary extreme risk order, but the Judicial Officer does not grant or deny that request at the initial hearing. The Judicial Officer does determine an extreme risk hearing should occur and the court schedules this hearing. At the extreme risk hearing an extreme risk protection order is granted (a temporary order is never granted on this case). A case may also have a temporary extreme risk order granted and later have the extreme risk order granted in the case. This may cause the petition numbers to not align with the order numbers.
