To help ensure that the virtual/phone conference meeting can be most effective and successful for all participants, here are some helpful hints to follow:

- #1. **Please mute your phone/computer audio while not speaking.** You should only unmute when you want to speak. This helps greatly in reducing background noise.
- #2. Please state your name before speaking. Or wait to be called on by the Meeting Host/Judicial Officer. The meeting/discussion will run most efficiently if one person speaks at a time.
