Case Number:

Div: _____

The Colorado Legislature has formulated advisory guidelines for spousal/partner maintenance which may apply in cases where parties have been married at least three (3) years and have combined gross annual income of \$240,000 or less. However, before maintenance could or would be granted to either party, the Court is required to consider a variety of factors, including but not limited to:

- financial resources of the parties, including need and ability to pay
- distribution of marital property
- actual or potential income produced from separate or marital property
- reasonable lifestyle and financial needs established during the marriage
- income, employment and employability of the parties
- historical earnings of the parties
- duration of the marriage
- reasonable ability to independently meet one’s own reasonable needs
- age and health status of each party
- need and duration of education for lower earning party
- amount of temporary maintenance and number of months paid, if any
- significant economic or non-economic contributions to the marriage
- any and all other relevant factors

This Advisement is required even if you want to waive maintenance or if you have been married less than 3 years.
