What Does it Mean to Have a Record Sealed?

- A Record that is sealed is no longer accessible to the public.
 - *Upon inquiry, any agency who has the record must answer “No such record exists with respect to such person.”*
 - HOWEVER, this does not apply to inquiries by criminal justice agencies.
- The record is NOT destroyed and remains available to criminal justice agencies, the court, and the District Attorney.
 - *If your record is sealed and you are convicted again, your previous record may be unsealed by the court and/or available to the court, probation, and the District Attorney in sentencing.*
 - *Sealing a conviction does NOT vacate the conviction.*

In most cases, sealing requires action and not every record is eligible.

- In most instances, your record does not go away automatically after the passage of time.
 - *The procedures differ depending on the type of record, but most require you to take at least some action. However, as we'll discuss, there are a couple procedures in which sealing is intended to be automatic.*
- Eligibility is limited.
 - *Eligibility and process for having your record sealed is specifically defined by statute.*
 - *They both can change if the legislature decides to make changes. The next round of changes will go into effect on July 1, 2025.*
 - *More types of adult convictions are now eligible to be sealed than in previous years.*
 - *However, certain types of records are almost never eligible, such as conviction records involving sexual assault or other crimes of violence.*

Sealing Criminal Justice Records other than Convictions

Simplified Process

See C.R.S § 24-72-705

- In General:
- The court is required to order a defendant's records sealed in four situations ***unless*** the defendant is charged with an offense that falls under the Victim Rights Act.
- If eligible, the sealing process is intended to be automatic.
- If the records were eligible to be sealed but were not, a defendant is still permitted to file a motion into the case in the county where the criminal record exists.
 - *There is no fee/cost for filing such motion.*

Sealing Criminal Justice Records other than Convictions

Simplified Process Continued

- To qualify to have your record automatically sealed, you must meet one of the requirements:
 - *You were acquitted of all counts in the case.*
 - *Your case was completely dismissed.*
 - *You completed a diversion agreement. See C.R.S § 18-1.3-101.*
 - *You completed a deferred judgment and sentence and all counts have been dismissed. See C.R.S § 18-1.3-102.*

***NOTE:** *If your case was dismissed as part of a plea agreement in another case, you cannot have the dismissed case sealed until the case in which you pled guilty would be eligible to be sealed. See C.R.S. 24-72-703(12)(II).*

Simplified Process Continued

- Other criminal records that cannot be sealed or, for which sealing is not automatic.
 - *The only charge(s) is/are class 1 misdemeanor traffic offenses, class 2 misdemeanor traffic offenses, class A traffic infractions, and/or class B traffic infractions.*
 - *Deferred judgment and sentence for an offense for which the factual basis involved unlawful sexual behavior. (C.R.S § 16-22-102(9)).*
 - *Deferred judgment and sentence for an offense concerning traffic control laws related to the holder of a commercial driver's license or operator of a commercial motor vehicle. (C.R.S § 42-2-402).*
 - However, this prohibition is modified by HB24-1133. After 7/1/25, the prohibition will only apply to traffic control offenses.
 - *Underage alcohol, marijuana, and paraphernalia offenses per C.R.S § 18-13-122.*
 - *Charges that were dismissed pursuant to C.R.S § 16-8.5-116, which relates to competency issues.*
 - HB 24-1133 removes this prohibition.
 - *Many Charges that are included in the Victim Rights Act (VRA); these offenses require the court to set a hearing.*
 - See next slide for a list of charges.
