RE: Domestic Relations Case Management Order Amendments

The Tenth Judicial District Domestic Relations ("DR") Bench, sitting en banc, have approved several amendments to the Case Management Orders ("CMOs") issued in post and pre-decree DR cases. The new CMOs will be issued in all new cases or reopened cases starting immediately. Unless a new CMO is issued in a case, the old CMO shall control that case.

Apart from minor formatting and editing amendments, the following are notable changes:

Pre-Decree CMO

1. Reference to the parties' obligations regarding full and honest disclosure.
2. A need to disclose intended residence outside of Pueblo County no later than 28 days before a permanent orders hearing.
3. Clarification of discovery and disclosure cut-off date.
4. In cases with counsel, the mandatory filing of a marital spreadsheet in editable format with the trial management certificate ("TMC"); and
5. New approved on-line parenting class providers.

Post-Decree CMO

1. Reminder that the CMO applies to all post decree matters, including contempt; and
2. That the TMC should set forth positions on all disputed matters.

Thank you and please let me know if you have any questions at all.
