

VOLUNTEER ATTORNEY CLINIC
1st Judicial District

Volunteer attorneys can explain basic civil law and common civil law related procedures. The clinic will take place over the telephone and the call may last up to 15 minutes. You will be provided a 2-hour window in which the attorney will call you. If you do not answer when the attorney calls, you could forfeit your opportunity to speak with the attorney, but they may attempt to call you again, if time allows. Packets which include forms and instructions can be purchased from the civil window in the Clerk of Court's Office. Forms can also be printed from the internet at www.coloradojudicial.gov. You are not required to meet with an attorney prior to purchasing forms or packets. Waivers are accepted in the order they are received, starting the day before the clinic and no later than 9:00 am the day of the clinic, or until the clinic is full (waivers sent prior to the day before will not be accepted). First-come, first-served. Space is limited.

Volunteer attorneys will not provide a second opinion on your case if you already have an attorney, or have previously spoken with an attorney about your case or issue. Volunteer attorneys do not represent you on your case and are not responsible for the outcome of your case or legal matter. This service is designed for one conference. Depending on the specifics and complexity of your case or issue, if you are not able to resolve the problem you have presented to the volunteer attorney today, or need further assistance, you should consider retaining an attorney to represent you or applying for representation through an agency:
